

Feedback from 'Mr Five A Day' assembly
Stanley Common Primary School
April 2015

I thought your introduction was very good.
You knew your stuff, were confident, engaged with the children, kept the discipline and made it fun.

What can I say about the magician! He was brilliant and again knew his stuff in terms of healthy eating. I'm only sorry we didn't have more time. I'm still trying to work out how he got the fruit into the jar! I think the children thought the same and hopefully it will help them recall his messages.

I have started using the booklet with my class. It is one of the best I have seen in terms of being appropriate for children of primary age. We are using it at the moment to support our work on plants that we grow to eat (Year 2). It is colourful, well organised and has provided us with opportunities for discussion about healthy eating and lifestyles; and we've only read the first two pages so far!

I intend to go through the whole book before the children take them home so they can educate their parents with the information they have acquired.

Thank you again for a brilliant session.

Kind regards
Sue Gillott
Headteacher
